HEALTHCARE

FROM FABRICS THAT SOOTHE  
DISTRESSED PATIENTS TO  
WINDOW SHADES THAT PROTECT,  
FROM PRIVACY CURTAINS THAT  
BATTLE BACTERIA TO  
UPHOLSTERY THAT RESISTS STAINS,  
OUR DECORATIVE HEALTHCARE  
OPTIONS ARE INGENUOUSLY  
DESIGNED TO SAVE YOU TIME,  
MONEY, AND WORRY.

OUR END-TO-END  
HEALTHCARE SOLUTIONS  
ARE **JUST THE BEGINNING**

If enhancing your healthcare interiors is important to your organization, you're in very good hands. Standard Textile's in-depth understanding and unparalleled expertise with hospitals and long-term care facilities have made us one of the world's leading suppliers in healthcare décor. We have the resources and flexibility to meet the unique specifications of your healthcare setting.

Better still, we are your single-source solution for every aspect of your project, ranging from innovative design and fabrication to project management and installation. Our complete end-to-end solutions are specifically designed to maximize quality, efficiency and value. All to ensure your transformation project remains on budget and on time... every time.

## FLAWLESS DESIGN MEETS TIMELESS STYLE

### PRIVACY CURTAINS

When it comes to patient privacy, our curtains are designed for both functionality and fashion. From soothing solid colors to uplifting patterns and styles, our privacy curtains will complement your room décor as well as your budget.

Our extensive line of exclusive fabrics and customizable options have made us the premier end-to-end solution provider for traditional privacy curtains as well as innovative panel systems. Many of which can be produced with our Impact Technology® for increased protection from harmful bacteria.

Whatever your needs, you can trust we'll provide customized solutions that create better value along with a better, more respectful patient experience.

SOMETIMES THE **BRIGHTEST**  
**SOLUTIONS** ARE RIGHT  
IN FRONT OF YOU

## SOLAR SHADES

Solar Shades from Standard Textile. A remarkably efficient way to warm up your hospital room designs, while protecting patients, staff, and furnishings from damaging UV rays, heat gain, and solar emissions. We offer an extensive selection of options such as weave density to provide more or less privacy in specific applications. All the while still providing the benefits of natural light and outdoor views without the harmful effects of the sun.

Patients can also enjoy direct control over their room environment with motorized bedside shades, available in a variety of environmentally friendly fabrics. It's just one more shining example of why Standard Textile is the leading provider of solar shades throughout the healthcare industry.

CUSTOM OPTIONS  
FOR **LIGHTENING UP**  
THE ROOM & VIEW

WINDOW TREATMENTS

From cornice boards and valances to solar shades and curtains, we do it all. And we do it all extremely well. Design. Manufacturing. Measuring. Installation. Customization. We are the true industry leaders, specializing in drapery and top treatments.

We can tailor the look of your patient rooms, resident rooms, and public areas with a variety of drapery styles, patterns and colorways. If it's style you desire, we have them all. Select from our diverse collection of fabrics, coordinating patterns and modern styles.

Better still, all of our window treatments can be created with our Impact Technology® to provide enhanced protection and peace of mind.

## DESIGN-DRIVEN INNOVATION SETS US APART

### FABRICS

We take tremendous pride in creating uplifting environments for healing. Our vast expertise in healthcare enables us to provide exclusive fabrics for hospital furniture, bedspreads, valances, cubicle curtains, draperies and cornice boards. Our impressive fabric library is distinctively designed with the healthcare industry in mind. Every fabric is tested for longevity and durability.

From fabrics to fabrication, you can rest easy knowing we are working tirelessly to transform healthcare into patient care. One glorious design at a time.

## TECHNOLOGY DESIGNED TO PROTECT PATIENTS & STAFF

### IMPACT TECHNOLOGY®

Thanks to our Impact Technology®, hospitals and long-term care facilities now have one more tool to combat infection. Impact is the leading fabric technology for decorative applications that is engineered to provide stain resistance, splash protection, and antimicrobial properties. And, all Impact fabrics are inherently flame-resistant. An Aegis Microbe Shield® creates a permanent, protective barrier that punctures and destroys harmful bacteria cells on contact. This extraordinary technology can be added to any of our fabrics, patterns and colorways.

As for durability, we have that covered too. Our Impact Technology is specifically designed to withstand the rigors of institutional laundering and won't rub off or migrate on to the skin. Leaving your healthcare fabrics soft to the touch and safe to use.

## SOLUTIONS FOR A HAPPIER, HEALTHIER PLANET

### SUSTAINABILITY

Just as we are committed to protecting your hospital and your patients, we are committed to protecting Mother Nature, as well. For the past 70 years, we have been perfecting our products and refining our processes. Always with a watchful eye towards protecting our planet. Environmental issues are increasingly shaping our business in ways we never imagined. And that's a good thing. The responsible thing. It's what has inspired us to create a culture of sustainability that is growing by leaps and bounds.

Not a day goes by that we don't explore better, faster, more efficient ways of working. With our healthcare expertise and innovative technologies, there is no doubt we can continue to create spectacular, life-changing experiences together.
