

Our Commitment to Sustainability

As the leading global vertically integrated provider of technology driven textiles and management solutions, we understand the role our products play in the markets we serve as well as the impact that the manufacturing, distribution, and processing of our products can have on the environment. We strive to continuously conduct our business with the highest level of honesty, integrity and respect.

These values are reflected in our approach to sustainability, as evidenced by our commitment to operating all elements of our business in a manner that advantageously serves the needs and expectations of future generations to live with clean water and air, responsibly managed forests and oceans, and a habitable climate.

We actively encourage all associates to contribute and lead in steering us toward environmentally and socially preferable improvement in our operations. We will focus our innovative endeavors on the delivery of sustainable products and services that correspond with this vision. We understand sustainability and responsible business operations as a means of creating meaningful value for our customers and enhancing the future prospects of our company for continuing market leadership and success.

A handwritten signature in black ink that reads "Gary Heiman".

Gary Heiman, Chairman & CEO
