Mattresses collect lots of bacteria, fungus, mildew, dust mite debris, and other dirt particles over their lifetime. Removing this debris isn't easy, but preventing the accumulation is easier than you might think.

Protect your mattresses and your guests with AllerEase® Professional mattress protectors from Standard Textile. Your guests will sleep easy and comfortably, protected from bed bugs, dust mites, and other allergens.

Not only are these protective barriers antimicrobial and waterproof, they are incredibly easy to install and remove for cleaning.

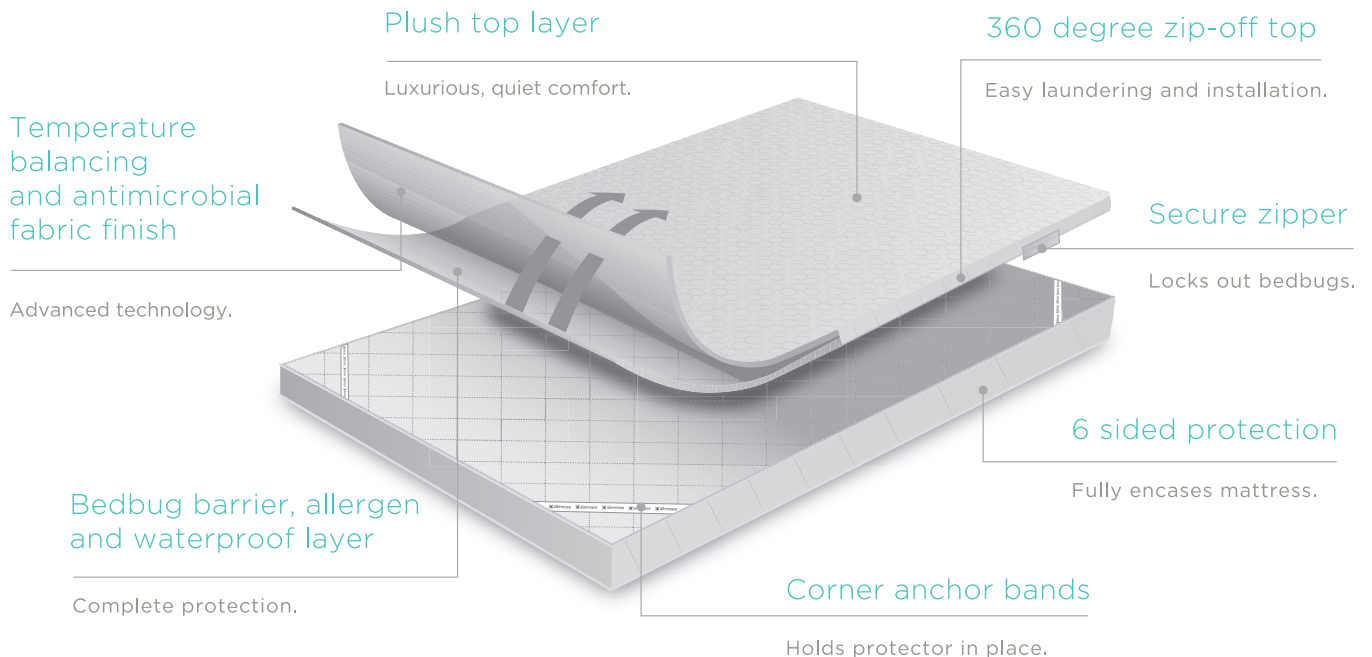

With industry-leading protective design and antimicrobial properties, Allerease® Professional provides superior mattress and pillow protection, engineered exclusively for hotels to protect your valuable investments.
