inspiring experiences

STANDARD
TEXTILE est. 1940

At Standard Textile, we've been servicing healthcare, hospitality, educational, and commercial markets since 1940 with a vision for helping customers provide a healthier, safer, and more inspiring experience.

Since then, we've developed a deep understanding and appreciation for education facility design, and its role in advancing positive outcomes. This is especially important when attracting and retaining students, faculty, and staff.

From design consultation to fabric development to fabrication and installation, our turnkey approach fosters collaboration and progressive thinking to help create spaces that inspire, celebrate, and endure the challenges and changes of educational environments.

Our passion for customer success and relentless pursuit of making a positive impact on the world are guiding principles at Standard Textile.

We live these principles, daily.

Leveraging our eight decades of experience to help our customers achieve their goals while helping to improve the experience of others is what we consider our standard for success.

Tap into our creativity, passion, commitment, and expertise.

design. expertise. fabrication.

our story

We've been providing decorative products to the healthcare market since 1940. At that time, our sales consultants were visiting hospitals daily, selling primarily sheets, towels, and apparel. Customers began asking if we could also provide cubicle curtains and drapery. As demand for decorative products grew, we established our first workroom on the third floor of the company's headquarters in Reading, Ohio in 1960 to better service our customers.

Our fabrication offering quickly expanded beyond cubicle curtains and drapery to include bedspreads, upholstery, and other decorative products. By 1980, in addition to hospitals, we were servicing hotels, corporate offices, restaurants, and retirement communities. Today, we're marketing our offerings as Standard Textile Interiors and service the healthcare, hospitality, educational, and commercial markets.

your vision. *our expertise.*

OUR TURN-KEY SOLUTIONS

DESIGN CONSULTATION

Work with our team of interior designers to find the perfect patterns, fabrics, and products.

VALUE ENGINEERING

We understand the needs of matching your budget with your vision.

ESTIMATING

We offer fast, accurate quotes for your project.

MEASURING

Accurate measurements ensure custom pieces are a perfect fit.

PRODUCT DEVELOPMENT

Partner with us and we will help innovate, customize, and create your unique design.

PRODUCT TESTING

Our on-site product testing laboratory allows us to uphold our commitment to the highest possible quality assurance.

INSTALLATION

We have a team of dedicated professional contractors to handle installation.

PROJECT MANAGEMENT

Minimize the chaos of your project. From pre-planning to on-time delivery, we can help.

QUALITY FABRICATION

Our custom fabricated products are of the highest quality, created and tested by professionals.

teamwork makes the dream work

Fabric and fabrication are central to our expertise. That's why we immerse ourselves in all aspects of form and fabric. From design to trends to innovations, we are constantly traveling the world to seek out the next big thing. And we always find it, because we have access and influence that is unparalleled.

We have reliable, skilled installers across the country, as well as an in-house team of experts.

Which means we'll manage the task of finding the right team, scheduling, and then installing. That's a lot of items that you won't have to worry about putting on your to-do list.

Our roster of completed projects include the following colleges and universities:

a partner with a sustainable commitment

Environmental issues are increasingly shaping the context of how we live and how we operate our businesses. The cost, availability, utilization, and management of energy and water, as well as the chemistry used in manufacturing and processing our products, have environmental implications.

That's why we've developed a culture of sustainability within our company, enforcing new environmental principles in our supply chain, product development, and innovation. We are also committed to helping our customers reduce their energy, chemical, and water consumption through thoughtful innovation and meaningful inspiration.

When it comes to covering bolsters, cornice boards, lounge seating, sofas, or chairs of all types, you need fabrics that perform as amazingly as they look. Our high-performance and stylishly designed fabric selections can be used for a variety of projects, both in and out of the classroom.

FEATURED LEFT TOP TO BOTTOM: SUNBRELLA ASSURE COLLECTION ZION/HENNA, CHIMERA/FIRESIDE, WESTWOOD/HONEY

featured brands

Sunbrella® Contract fabrics elevate commercial spaces by blending upscale design and reliability.

Bella-Dura® fabrics deliver high-performance and stain-resistance—indoors and out.

Crypton® upholstery is a barrier fabric that provides complete stain, moisture, and bacteria resistance.

Alta™ is a water-based high-performance technology that repels both water and oil based stains.

blinds

Simple. Reliable. Standard. Types include: faux wood, mini blinds, and vertical blinds.

Standard Textile is a global leader in the provision and installation of solar shades—a highly durable window treatment that can afford students, staff, and faculty the luxury of outdoor views, while still maintaining privacy.

over 60 years experience

With over 60 years experience in solar shades, we've developed relationships with multiple manufacturers to offer a variety of manual, motorized, and automatic solar shades. We simplify your project by providing design consultation, estimating, project management, fabrication, and installation of your window treatment project.

Our solar shade offerings include:

- BLACKOUT FABRIC
- SHEERS
- DECORATIVE SHADECLOTH
- CUSTOM PRINTED

MOTORIZED LIGHT-FILTERING SHADE WITH FASCIA

MOTORIZED AUTOMATIC LIGHT-LIGHT FILTERING SHADES

MANUAL LIGHT-FILTERING SHADE WITH FASCIA

MANUAL LIGHT-FILTERING SHADE WITH FASCIA

manual

Solar shades that are raised and lowered manually. Simple yet effective. Allows students, staff, and faculty the freedom to control the amount of light they let into their spaces.

motorized + automatic

Solar shades that can be raised and lowered mechanically. Intuitive controls give an added modern touch.

clean and simple

Window treatments are moving more towards 'clean and simple' in both aesthetic and functionality. Motorized and cordless solar shades are on the rise in popularity because of their ability to bring simplicity, convenience, and safety into a space. Subtle texture is key, especially rattan textured.

DARKNESS / GREY

custom printed

Our custom printing capabilities allow you to bring your brand to life with unique art, logos, or designs, made and printed to order. No minimum quantities required.

blackout

Blackout fabric provides a reassuring sense of privacy while providing a clean, contemporary look. Blackout fabrics range from simple designs to more polished options.

MESA / PORPOISE

SHATTERED / WHEAT

WISP / NEUTRAL

decorative shade cloths

Fusing design with functionality, richness, and contemporary style, our bold and exciting decorative shade cloths enhance the design of your room. Available in blackout, light filtering, and sheer.

openness

Openness simply refers to how tight the weave is, which directly reflects the amount of light that is let in through the fabric. If the fabric is tightly woven, there will be less visibility through the shade with a higher degree of light control. The lighter the color of shade cloth the less visible one can see through at night, as opposed to a darker color of shade cloth.

mounting

To mount the shade cloth, .75" Wood Blocking, or other metals are required. Depending on the type of mount, an approval may be needed from the customer and supplier. Types of mounting include wall mount, ceiling mount, and jamb mount.

accessory options

Adding the finishing touches to your shade cloth with these accessories will give your window treatment a finished look.

Accessory options include:

- **FASCIA** - cover the front and possibly the back of the shade cloth tube
- **END CAPS** - cover the side of the brackets
- **CHANNELS** - used with blackout shade cloth to conceal more light from entering the room
- **HEM BAR** - used at the bottom of a shade to help keep the shade flat while it is hanging

made in the shade

We offer a variety of sheers, blackout, and light filtering options for shade cloths.

For more information regarding our selection, contact an Interiors Group representative.

shower curtains

Whether you need standard ring and grommet shower curtains, or have visions of an elegant hookless design, we have the curtain and hardware expertise to help bring your vision to life.

HOOKLESS WITH RING CONCEALING HEADER

hookless/ez hang

The rings are available in chrome, matching colors, or even a concealed option. An optional translucent window allows light into the shower while affording the occupant a view of the room.

IMPACT TECHNOLOGY

PLAINWEAVE/WHITE HOOKLESS

BEZEL/CINDERBLOCK | IMPACT TECHNOLOGY | GROMMETED

CUSTOM PRINTED SHOWER CURTAIN

impact technology®

Impact Technology® battles bacteria, splashes, stains, and flames.

Impact Technology®—revolutionary textile treatments that permanently bonds antimicrobial protection to our fabrics. No heavy metals to pollute landfills and groundwater. No leaching into the skin or diffusing into the environment. Inhibits the growth of odor- and stain-causing bacteria, fungus, algae, and mold on contact—and continues controlling these organisms for the useful life of the product.

grommets

Our simplest shower curtain solution: rust-proof metal grommets that minimize curtain wear and tear.

hardware

Curious about what shower curtain hardware you could use for your design?

Partner with us to learn more about the latest and greatest options.

vinyl

The basic, reliable vinyl shower curtain.

closet drapery

Closet Drapery is a clever and cost saving solution for creating new spaces without building walls or adding doors. They are a perfect choice to allow flexibility in a small space, such as residence hall closets, all the while giving privacy where it is needed.

BEZEL IN CINDERBLOCK, HARBOR, MUSHROOM, PERI, AND SPANISH MOSS

versatile & easy to install

Our Closet Drapery panels utilize a Ripple fold system. The ripples are made by snaps on flat panels of fabric on the header of the curtain which gives the ripple effect. Once attached to the track, the Closet Drapery will easily slide open and closed. Closet Drapery can be custom printed allowing for a branded, unique look.

Measures to provide a clean, safe environment are essential on campus. Our exclusive Impact Technology® assists in maintaining a safe and healthy environment for your students. Impact Technology® makes our Closet Drapery fabrics resistant to flames, stains, splashes, and microbial growth without the use of harsh chemicals, and Impact Technology® can be added to any fabric.

FEATURED LEFT: BEZEL IN CINDERBLOCK

D2™ Convertible Flooring™ extends beyond the every day entry and walk-off zones to establish protective flooring throughout building interiors. D2's two-part design delivers the flexibility of conventional mats with the stability of installed flooring.

D2 | Milliken™ for Standard Textile Convertible Flooring

Prior to D2™, increased floor safety and stability was achieved only by adding weight to conventional mats, or through permanently installed flooring. This meant users had to compromise aesthetics or flexibility. D2™ placements do not move, shift or migrate, making them easy to deploy, clean, and maintain.

Maximizing both stability and design, the low-profile, lay-flat D2™ placement minimizes slip, trip, and fall risks. D2™ placements' textile Tops are up to 50% lighter than conventional mats, making them easier to install and clean.

two dynamic mat design options

Both D2™ Tops are available in three sizes: small, medium, and large. Both options can be custom printed with your supplied art or partner with our designers to source or create a custom design. Your design will never be discontinued, and there are no order minimums.

D2™ LAUNDERABLE TOPS

- Made to be thrown into a commercial washer
- Lightweight Top allows for easy rotation
- Available in three patterns and colors

D2™ CLEAN-IN-PLACE TOPS

- Tufted textile attracts moisture and traps dirt
- Top can be vacuumed and cleaned with water extraction
- Available in three patterns and eight colors

Patterns

Colors

Patterns

Colors

ADAPTEX™

ACTIVE SURFACE TECHNOLOGY

This patent-pending technology uses magnetic attraction to actively lock the D2™ Top and Base together. Once paired together, the lightweight Top stays in place—it won't move, migrate or shift—yet easily lifts off for cleaning. Adaptex™ empowers this dual-functionality previously unavailable in flooring solutions.

wallcoverings

Digital printing can now be applied to customize the design of wallcoverings. Reinforce your institution's brand, highlight local landmarks, or reflect a unique motto or quote. Create an environment that speaks to your students.

custom wallcoverings

We offer various substrates to accommodate different environments. Constructed to withstand knocks, wallcoverings are more durable than paint and easier to clean. All wallcoverings are flame resistant.

Our national team of installers are professionally trained and certified.

materials and compliance

All of our substrates meet FR ASTM E84 as well as Federal Specification CCC-W-408D testing guidelines for contract wallcoverings. These guidelines focus on 16 characteristics: Colorfastness, Washability, Scrubbability, Abrasion Resistance, Breaking Strength, Crocking, Stain Resistance, Tear Resistance, Blocking Resistance, Coating Adhesion, Cold Crack Resistance, Heat Aging Resistance, Flame Spread and Smoke Development, Shrinkage, and Mildew Resistance.

We also offer NSF 342 and PVC-free options are available.

design options

We offer four design tiers to best fit the scope and goals of your project. Whether you have existing artwork or designs, want to use one of our stock designs or patterns, or if you want to partner with our team of experts to source or create a custom design—we've got you covered. Your design will never be discontinued, and there are no order minimums.

standardtextile.com/wallcoverings

Whether it is a collaborative space, the student union, or a cozy nook, environments that encourage collaboration and community are sought by students outside of the classroom. Clarus™ glassboards are an excellent way to inspire learning and brand your campus.

elevating spaces

Recruiting, branding, and communicating campus culture are of the utmost importance when it comes to gaining the attention of prospective students and continuing to build relationships with current students. Whether it is a student union, athletic facility, or lecture hall, Clarus™ glassboards can elevate and brand a space, creating unique teaching opportunities for everyone on campus.

Create a space where the only limit is your creativity.

colordrop™

ColorDrop™ features graphics printed directly to glass using proprietary technology from Clarus™. Take your school's brand colors and design your own beautifully colored, intricately detailed graphics to print directly to the back of your glassboard.

colors

Over 150 standard colors available. Need a custom color? No problem. Our design team can custom match any specification to build the perfect product for your space.

glassboard options

Clarus™ glassboard solutions include:

- **GO!MOBILE** - mobile glassboard units
- **VIEW™** - glass writing surface that doubles as a high-definition projection surface
- **GLIDE** - sliding glassboard system
- **WALL2WALL** - floor-to-ceiling glassboard
- **FLOAT™ + DEPTH** - modern version of the traditional whiteboard

Clarus™ glassboard options each have standard sizes, but customizable shapes and sizes, are available. For more information regarding sizes, contact an Interiors Group representative.

desk separator

Using this new patent-pending state-of-the-art clamping system, Divide ThinLine™ can be easily installed at the back, side, or along the center of a desk, giving you the freedom to accommodate power cords, monitor arm attachments, and more. You have the option to mix and match ThinLine™ Top, Side, and Center hardware on the same table, which allows you to uniquely divide up your office in whichever way you choose.

view™ glass whiteboard & projection

Lights on, it's the cleanest, most efficient writing surface available. Lights off, it's the premier, high-definition projection surface. View™ Glass Whiteboard & Projector Screen effortlessly transforms from marker board to projector with ease, wherever, whenever. The perfect solution for any conference room, classroom, or office that needs whiteboard and projection surface capabilities.

- **High-Definition** - Clarity of picture, with crisp lines and piercing color
- **Space-Saving Design** - A writing tool and projection surface all in one
- **Multi-Functional, Glass Projection Surface** - Designer-quality glass board, cinema-quality projection

custom printing

Sometimes your design goes beyond available patterns and colors.
That's when you need a partner who can create custom printed
fabrics and design services to bring your vision to life.

imagepoint®

Printed décor in your school's colors. Boundless possibilities and no order minimums.
Coordinate design elements—duvet covers, pillows, draperies, solar shades,
wallcoverings, and even shower curtains—for an unforgettable experience.

textiles

The bed is the centerpiece to any well-designed room experience. We have everything you need to make that experience as comfortable and visually stunning as possible.

bedding

Select from a dynamic and modern collection of top covers and duvet patterns, colors, quilting styles, and sizes. Or create your own custom printed designs with ImagePoint®.

Our bedding is known worldwide for comfort, performance, beautiful designs, handsome detailing, and above all else, a good night's sleep. Whether you're seeking contemporary or traditional designs, our fabrics deliver warmth without weight, and style with substance.

sheets

Uncover exquisite softness paired with innovation in Standard Textile's sheeting line. Centium Core Technology® is at the heart of these extraordinary products, providing an unprecedented combination of luxury, enhanced strength, and extended service life. All value engineered for both long life and savings.

pillows

From simple to indulgent, we offer a wide variety of pillows to meet your every need. All of our pillows are designed for quality, durability, and—most importantly— comfort.

mattress protection

Offering a variety of options to protect one of your biggest dorm investments. From basic mattress pads to mattress encasements, all of our mattress protection solutions help to keep your mattress clear from debris, stains, and spills.

allerease®

AllerEase® Professional is designed specifically to combat microbes, mold, spills, allergens, bed bugs, and more. AllerEase® Professional is easy to install and easy to launder.

the #1 allergy bedding brand

More than half of Americans suffer from allergies to some degree. Most are allergic to pollen, dust mites, or pets. Many people wake during the night with itchy eyes, congestion, or sneezing because they are experiencing a reaction to allergens that may be in their beds and pillows. By eliminating these allergens from beds in your residence halls, students can sleep more soundly, wake rested, and have a healthier living environment.

AllerEase® Professional products are third-party tested and have 14 significant features such as temperature balancing technology, odor protection, an allergen and bed bug barrier that blocks 99.9% of particles, waterproofness, antimicrobial fabric, and plush-top fabric for a cushioned, comfortable sleep.

PLATINUM PLUSH DURAFLEX™ ZIP-OFF TOP ENCASEMENT

GOLD DURAFLEX™ ZIP-OFF TOP ENCASEMENT

PLATINUM DURAFLEX™ ZIP-OFF TOP ENCASEMENT

duraflex™ zip-off mattress encasements

Mattresses collect lots of dust mite debris, allergens, and other dirt particles over their lifetime. Removing this debris isn't easy, but preventing the accumulation is easier than you might think. Protect your mattresses and your students with AllerEase® Professional mattress protectors from Standard Textile.

Quiet. Cool. Comfortable. Complete protection for your mattress investment. Offering superior 6-sided mattress protection with 3 zip-off top options:

- **Gold** - Our baseline level of optimal mattress protection and high-quality comfort
- **Platinum** - Featuring additional plush comfort, and honeycomb design top layer
- **Platinum Plush** - Softer and more plush than our other zip-off tops

ALLEREASE® ULTIMATE ZIPPERED BOX SPRING ENCASEMENT

ALLEREASE® PLATINUM PILLOW PROTECTOR

ALLEREASE® ULTIMATE PILLOW PROTECTOR

ALLEREASE® ULTIMATE ZIPPERED MATTRESS ENCASEMENT

ALLEREASE® PLATINUM PILLOWS

ultimate zippered mattress & box spring encasements

Six-sided mattress and box spring protection with the easy-to-install AllerEase® Ultimate. Both guard against bed bugs, dust mites, allergens, spills and more. AllerEase Ultimate Zippered Mattress Encasement features a temperature balancing fabric finish and a quiet, soft top layer.

pillows & pillow protectors

AllerEase® Professional for Standard Textile offers three pillow protector options to extend the life of your pillows—Ultimate, Platinum, and 100% Cotton protectors.

Two pillow options are offered to safeguard residents and extend product usage—Ultimate or Platinum. They feature a dust mite and allergen barrier, waterproof protection, temperature balancing, and a quiet comfort plush top layer.
