

# DOUBLE DUTY®

**DOUBLE DUTY® BATH TOWEL**  
Healthcare Terry by Standard Textile

**STANDARD**  
TEXTILE est. 1940

# Hotel quality. Healthcare durability.

## SOFTER, STRONGER, SMARTER.

Our cotton-rich Double Duty® bath towel utilizes proprietary Centium Core Technology® to reinforce its softness with exceptional strength and durability. This unique construction also shifts a higher percentage of the towel weight into the all-cotton ring-spun pile. Twenty-two ribs on each side bolster strength while hemmed ends and a multilayer, reinforced fast selvage extend service life.

## PERSONALIZED FOR YOU.

Double Duty® is available in plain white or Hospital Property styles. You can also choose a custom namewoven option. Towels are pre-laundered and ready to use upon delivery, a convenience that offers quantifiable savings. 6.0# per dozen.

90/10 Cotton/Synthetic  
Microfilament
