

**EXCEL®**

**EXCEL® BATH TOWEL**  
Healthcare Terry by Standard Textile

**STANDARD**  
TEXTILE est. 1940

# Plush performance.

## COMFORT AND CONVENIENCE.

Excel® makes use of our exclusive Centium Core Technology® to bring exceptional strength and durability to a cotton-rich towel. This unique construction also shifts a higher percentage of the towel weight into the soft, absorbent, all-cotton ring-spun pile. Eleven ribs on each side bolster strength while hemmed ends and a multilayer, reinforced fast selvage extends service life.

## PERSONALIZED FOR YOU.

Excel® is available in plain white or Hospital Property styles. You can also choose a custom namewoven option. Towels are pre-laundered and ready to use upon delivery at your site, a convenience that offers quantifiable savings. 5.2# per dozen.

90/10 Cotton/Synthetic  
Microfilament
