

THERMO PLUS®

THERMO PLUS®
Healthcare Blankets by Standard Textile

STANDARD
TEXTILE est. 1940

A special look and feel.

COTTON-RICH AND DURABLE.

Thermo Plus® is distinguished by a woven diamond pattern that evokes the comforts of home. The cotton/polyester blend feels like an all-cotton fabric, thanks to the all-cotton fill yarns. But the cotton/polyester warp yarns deliver the processing efficiencies of a blend. Two-ply yarns enhance the material's strength and durability, while double-needle hemmed ends and fast selvage sides help extend service life.

COLORFUL OPTIONS.

In addition to its wonderful comfort and durability, Thermo Plus® offers a sophisticated aesthetic sense. You can choose from a wide palette of designer colors specifically developed to suit today's healthcare trends. You can also choose from two sizes, and natural, bleached, or vat-dyed options.

AVAILABLE COLORS.

Federal Blue, Beige, Emerald, Natural, Winter Wine, White
