**ELEVATIONS™**  
Performance Comforters by Standard Textile

### **THE LUSH, LOFTY LOOK OF AFFORDABILITY**

The centerpiece of any hotel room is the bed. And if the centerpiece of that bed is the soaring cloud of an Elevations™ comforter, your guests know they've just taken a big step up in performance. And yet, that extravagant loft is the cost-saving secret of the Elevations™ comforter. Standard Textile engineered this comforter with the Comfort Experience Zone™—more fill where warmth matters most, and less on the sides, reducing un-needed weight.

### **YOUR GUESTS SEE THE OPULENCE YOU SEE THE SAVINGS**

The real beauty of an Elevations™ comforter is in its performance. Comforters take a beating in the room and in the laundry. But this comforter can take the heavy usage, with its tough, 100% hypoallergenic blended fabric ticking and soft 100% recycled polyester fill, combined with a unique box stitch quilting pattern that resists clumping. Its surprisingly lighter weight and faster drying time significantly lower your laundry costs, and its sheer durability means a much longer working life.

For more information about Elevations™ comforters, or to contact a dedicated hospitality consultant, visit [standardtextile.com](http://standardtextile.com) or call 1.800.323.5246.

EZ ID® loops

**EZ ID®** is Standard Textile's patented easy size-identification for housekeeping. Color-coded loops on all four corners make the size identifiable without altering the luxurious appearance the designer intended.
