EZ ID®

EZ ID®

EZ ID® is Standard Textile's patented easy size-identification for housekeeping. Color-coded loops on all four corners make the size identifiable without altering the luxurious appearance the designer intended.

## SUPREME COMFORT. EXQUISITE CRAFTSMANSHIP.

### THE COMFORTER OF YOUR DREAMS

Is it possible to make a comforter too comfortable? Too soft? Too lush? Too cozy? Standard Textile designed the LuxSoft™ comforter for sleeping late...turning off the alarm clock. The warm feeling of five-star relaxation. LuxSoft™ is a supreme comforter, an over-sized, over-soft, generously filled comforter, designed for a great night's sleep and a wonderful morning.

### A GREAT NIGHT'S SLEEP IS GOOD FOR BUSINESS

Everything that makes the LuxSoft™ comforter such a delight for your guests has an extra benefit for you: lower costs. Its attractive box quilt stitching saves housekeeping the annoyance of shifting fill. The combination of fine-woven blended fabric ticking and high-end corded twill taped bindings actually make LuxSoft™ more durable, lowering replacement costs. The 100% recycled polyester fill makes this product environmentally friendly. It also dries much faster than other comforters, reducing laundry expenses. EZ ID® color-coded loops on all four corners provide easy size-identification for housekeeping. So, while your guests are sleeping, you are saving.
