## optimizing patient privacy, comfort, and safety

Design plays a key role in optimizing patient privacy, comfort, and safety. From the design of a tracking system to patterns, colorways, and treatments of fabrics, a responsible design can evoke a sense of wellness, build high performance, and protect patients and caregivers. Our selection of disposable privacy curtains are designed with your needs in mind.

Disposable privacy curtains are a great solution for high infection and high traffic areas, including ICU, Emergency Department, Burn Unit, Dialysis, and more because curtains can be changed out frequently and easily. Labels on each curtain make it easy to keep track of when the curtain was put up.

Disposable privacy curtain offerings include:

- Traditional Disposables
- On The Right Track Disposables®
- Snap Disposables

ON THE RIGHT TRACK®  
DISPOSABLE PRIVACY  
CURTAIN IN SUPERMOON  
AMBER GOLD

TRADITIONAL DISPOSABLE  
PRIVACY CURTAIN IN  
TRANQUIL/RISE

## Traditional Disposables

Traditional Disposable panels feature an easy to install one-piece construction. Stock options are available in three patterns and three sizes:

- 72" x 84" (Mesh Height: 18")
- 72" x 96" (Mesh Height: 30")
- 72" x 108" (Mesh Height: 42"; only available in Solid/Parchment)

All patterns and sizes are available in a 12 count case pack. Side snaps included on all sizes.

Traditional Disposable Privacy Curtains are 100% polypropylene, and can be recycled.

For Traditional Disposable Privacy Curtain color and patterns see page 10. Specification information for Traditional Disposable Privacy Curtains can be found on page 12.

## On The Right Track®

On The Right Track® features a unique, patented splitting technology that allows the curtains to glide silently along the specially designed track without any hooks or snags. The curtains feature an integrated mesh that is completely bound, and is the same fabric as the curtain body. The use of a unique accessory, The Grabber®, enables curtains to be exchanged in less than a few minutes without ever having to get on a ladder.

Available in following sizes:

- 69" x 82"
- 69" x 92"
- 69" x 110"
- Mesh height for all three sizes is 24"

All patterns and sizes are available in a 12 count case pack.

On The Right Track® Holistipure® is a high-quality 100% recyclable/disposable privacy curtain and it doesn't contain harmful chemicals classified by the Healthier Hospitals. On the Right Track® offers a closed loop recycling program. Please inquire for more information.

For On The Right Track® Disposable Privacy Curtain color and patterns see page 11. Specification information for On The Right Track® Disposable Privacy Curtains can be found on page 13.

SNAP DISPOSABLE PRIVACY CURTAINS  
IN TRACING AND STRIPING

## Snap Disposables

Snap Disposable panels can utilize your existing track system. Panels are attached with an easy snap system, allowing for the replacement of only soiled panels—not the entire curtain. This avoids the need to remove the mesh and the potential for hanging the wrong curtain size.

Our stocked curtains come in three patterns. Side snaps included on all sizes. Sizes include:

- 70" x 84" (Mesh Height: 25")
- 70" x 93" (Mesh Height: 34")
- Replacement panels are 70" x 60.5"

Snap Disposable Privacy Curtains are 100% polypropylene, and can be recycled.

For Snap Disposable Privacy Curtain color and patterns see page 10. Specification information for Snap Disposable Privacy Curtains can be found on page 14.

# Available Colors and Patterns

## QUICK SHIP AVAILABLE

Stocked disposable privacy curtains are available for quick ship within 48-72 hours of order placement.

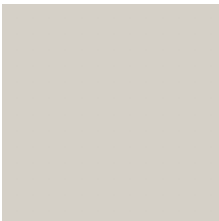

## CUSTOM DESIGNS

All disposable privacy curtains can be custom printed. Supply your own art or work with our design team to create the desired expression for your environment. For more information contact our team at IG@standardtextile.com

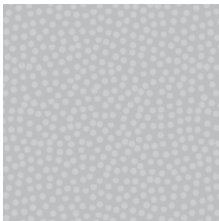

## INVENTORY MANAGEMENT AVAILABLE FOR CURTAINS

Our disposable privacy curtains can be paired with our CubeControl® Curtain Management App. Curtains can be quickly scanned to improve inventory management, confirm compliance with facility cleaning frequency policy, and promote a cleaner environment for patients and staff.

## innovation

Product development, testing, and prototyping are conducted in our one-of-a-kind, world-class textile development and processing center, which we call “CORE.” Innovation is core to our success, so we’ve invested in creating a mini-manufacturing facility, industrial laundry, testing laboratory, and finishing workroom at our corporate headquarters in Cincinnati, Ohio. Regularly, customers visit the CORE to learn about our innovation process. Our Global Institute for Innovation + Leadership, also located on the campus of our corporate headquarters, is a dedicated space for customers and partners to discuss and solve real business challenges. We invite you to visit us. Together, we’ll discover new ways to improve experiences.

Reach out to your local consultant or management team for questions or to place an order.
