Centium Core Technology®

Centium Core Technology® is a patented weaving technology that dramatically improves product tensile strength, extends service life, and enhances performance.

Room Ready For You® laundered with Tide

Room Ready For You® laundered with Tide® products are delivered clean, fresh, and ready to use right out of the box, bypassing the time, labor, and costs of up-front processing.

OneSTEP®

OneSTEP® products provide both the laundry and housekeeping professional with One Solution To Enhance Productivity. EZ ID® size identification makes sorting a snap, while balanced hems and center lock labels allow for simplified bed make-up.

IMPECCABLE CHOICE IN ENDURING LUXURY.

SLEEPING WITH THE STARS

For more than 75 years, Standard Textile has served the most exclusive hotels in Europe and the Americas. Guests have come to expect the sheer touch of the finest sheets and pillowcases in the world. That's why Centium Satin™ is the impeccable choice.

CORE INNOVATION

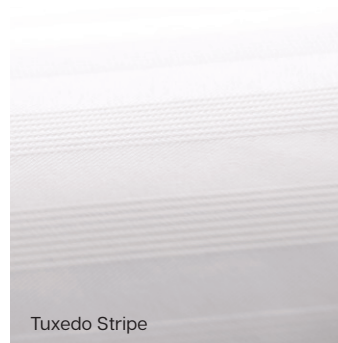

For Centium Satin™, we've woven a wealth of premium, long-staple, ring-spun cotton around an ultra-strong, delicately textured microfilament yarn. Centium Core Technology® creates a sensuously soft, ultra smooth feel. And the softness increases the more it's washed. A proprietary microemulsion finish helps Centium Satin™ products retain an exquisite feel from beginning to end.
