# At last...

## Luxury that Endures™

- + unsurpassed durability
- + extended product service life
- + superior cost management

Centium Core Technology® is patented. It's unlike anything else on the market today. And it's the secret to textiles for the bed and bath that last longer and feel better to your guests. We wrap 100% ring spun cotton around our multifilament core, for the best on-the-body feel...and on-the-books performance.

Room Ready For You® laundered with Tide® products are delivered clean, fresh, and ready to use right out of the box, bypassing the time, labor and costs of up-front processing.

Real Green™ products incorporate innovative processing, production and performance attributes that move Standard Textile and our customers forward on our path to sustainable solutions.

OneSTEP® products provide both laundry and housekeeping professionals with One Solution To Enhance Productivity. EZ ID® size identification makes sorting a snap, while balanced hems and center lock labels allow for simplified bed make-up.

Performance that  
**PLEASES**

“Braque’s juxtaposition of complementary textures within interlocking geometries is inspired by the work of the great 20<sup>th</sup> century cubists.”

- **Todd -Avery Lenahan, designer**
