

COMPEL® ISOLATION GOWN

ISOLATION GOWN
Healthcare Apparel by Standard Textile

STANDARD
TEXTILE est. 1940

Proven protection and comfort.

BREATHABLE. REUSABLE. LIQUID-RESISTANT.

Our innovative ComPel® technology utilizes a patented optimized synthetic microfilament construction that repels liquids even as it allows moisture vapor to pass through. It also delivers significant documented cost savings versus disposable gowns.

SMARTLY DESIGNED.

The lapover sidetie design, long golf sleeves, and 4" lint-free 100% polyester stockinette wrist cuffs deliver a comfortable fit with complete coverage. ComPel® fabric is very durable and holds up well to the rigors of industrial laundering.

It is available in three sizes (L, XL, 3XL) with color-coded ties and binding and includes a QCM grid for monitoring 100 wash/dry cycles.

AAMI Level 2

Lightweight, Latex Free
and Virtually Lint Free

Patented Synthetic
Construction
