Healthcare Apparel by Standard Textile

STANDARD
TEXTILE est. 1940

Exceptional value and comfort in a range of designs.

Our Excel® fabric offers comfort and ease of movement thanks to a 55/45 cotton/polyester plain-weave blend, and ring-spun yarns that amplify softness. Reinforced stress points extend product life and enhance value. All products are vat-dyed for maximum color retention throughout their life cycles, while a crease-resistant finish maintains a smooth, attractive appearance all day long.

WOMEN'S CRISS-CROSS TUNIC AP6001

A criss-cross neckline with yoke front distinguishes this tunic, which also features slipover styling, cap sleeves and side vents. There are two lower patch pockets, with scissor tape in the right pocket. A color-coded label allows easy size identification. Available in six sizes, from S to 3XL.

UNISEX ELASTIC WAIST PANTS AP8016

The elastic in these completely reversible pants is sewn flat into the waist to eliminate uncomfortable rolling. Both sides feature a rear hip pocket. A color-coded twill tab is sewn discreetly into the back of the waist for easy size identification. Available in six sizes, from S to 3XL.

UNISEX WARM UP JACKET AP8051

This comfortable jacket features set-in sleeves, color-coordinated stockinette knit cuffs and a rounded neckline with self binding. The front opening has four floating-ring stainless steel snaps. There is a 7" x 7" patch pocket at waist level on both the right and left sides; the right pocket is equipped with scissor tape. Available in six sizes, from S to 3XL.

EXCEL® FABRIC COLORS AVAILABLE

See color codes for specific style availability.

Misty Green Jade Green Ceil Blue Teal

UNISEX SCRUB SHIRT AP8025

This reversible shirt features a placket V-neck, set-in sleeves and a selvage sweep. Both sides of the shirt have a 4.5" x 5" square left chest pocket. Color-coded size identification binding is placed along the back of the neckline. Available in six sizes, from S to 3XL.

UNISEX SCRUB PANTS AP8030

Fully reversible pants offer a drawstring waist and 7" x 7" rear hip pocket on both sides. The polyester tubular belt has heat-sealed ends to eliminate fraying, and bartack reinforcement at the back of the waist to prevent detachment. The belt is color-coded for easy size identification. Available in six sizes, from S to 3XL.

UNISEX SCRUB SHIRT WITH HOSPITAL PROPERTY PRINT AP8040

Offering all the features of the V-neck scrub, this shirt offers an option for facilities that want property-marked scrubs without the expense and minimum order commitment of custom printing. "Hospital Property" print is clearly visible on both sides. Available in four sizes, from S to XL.

UNISEX SCRUB PANTS WITH HOSPITAL PROPERTY PRINT AP8045

Both sides of these fully reversible drawstring waist pants feature the words "Hospital Property" and a 7" x 7" square rear hip pocket. The polyester tubular belt has heat-sealed ends to eliminate fraying, and bartack reinforcement at the back of the waist to prevent detachment. The belt is color-coded for size identification. Available in four sizes, from S to XL.
