

uniform management simplified

Scrubin Uniforms[®] by Standard Textile simplifies uniform management.

HOW?

We develop a custom, private uniform portal that features apparel specific to your uniform program.

We represent dozens of major uniform brands, so you can select apparel for your uniform program that fits your budget and reflects your brand's image.

Vouchers and payroll deductions are easily managed through the uniform portal, and you can even submit purchase orders directly through the portal.

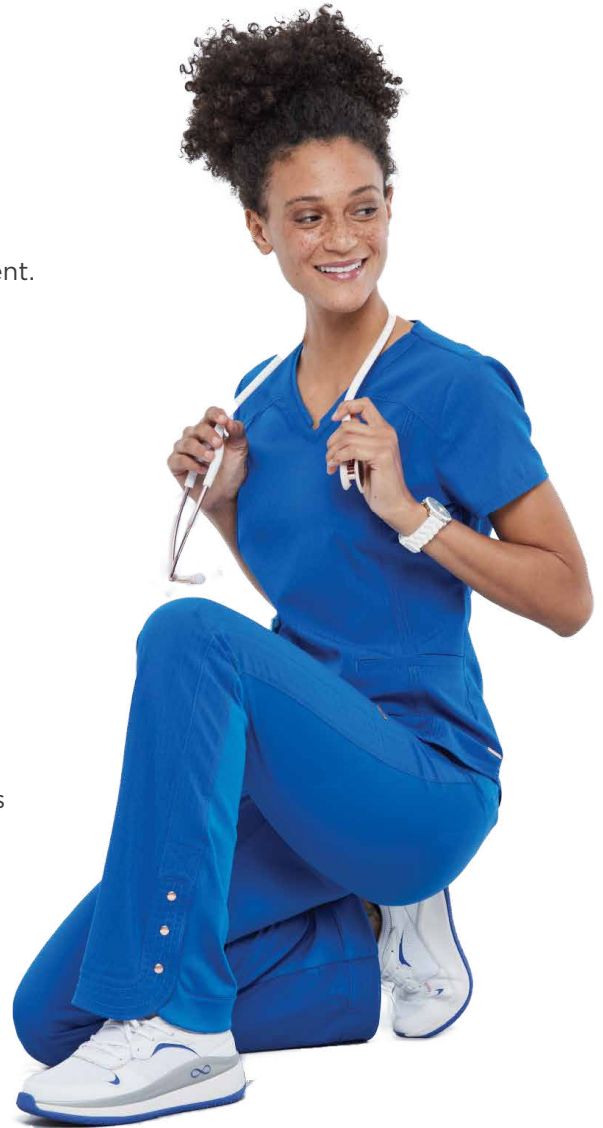

To keep up-to-date on voucher use, you can create dashboards and custom reports.

We understand fit is important, so we offer sizing kits, so employees feel confident in the quality of the fit before they purchase.

Employees receive program pricing on all apparel, so they can purchase apparel at a lower cost, even on additional purchases.

Our Customer Support team is available to assist with any returns or exchanges.

REDUCE THE TIME IT TAKES TO STANDARDIZE AND DRIVE UNIFORM COMPLIANCE.
