

COMPEL® SURGICAL GOWN FABRIC

SAFETY AND EFFECTIVENESS SUMMARY

USES: ComPel® Surgical Gowns meet AAMI PB70 Level 2 Liquid Barrier standards.

FEATURES, ADVANTAGES & BENEFITS:

Level 2 Protection

- ComPel® Surgical gowns were the first to integrate our revolutionary continuous filament technology.
- ComPel® Surgical Gowns are 100% synthetic with two-ply front and sleeves.
- Our innovative ComPel® technology utilizes a patented optimized synthetic microfilament construction that repels liquid even as it allows moisture vapor to pass through.
- ComPel® Surgical Gowns panel back is woven with ESD (electro-static dissipative) yarns to eliminate static.
- ComPel® Surgical Gowns have a lapover side-tie, long sleeves, and synthetic stockinette cuffs that deliver a comfortable fit with complete coverage.

COMPEL® LEVEL 2 SURGICAL GOWN FABRIC

TEST DATA	
Flammability	16 CFR 1610
Barrier Performance	Suter Hydrostatic Testing AATCC #127-1980
Strength	ASTM D-1682-75
Lint	IST 160.0-83
Toxicity	Cytotoxicity MEM Elution (MG023)
Primary Skin Irritation	(FHSA)
Sterilization	Compatibility with Steam Sterilization
Durability	Through 75 processing (wash, dry and sterilization)

Coded by Size

Neck binding is color coded by size.

Fabric

100% synthetic with two-ply front and sleeves.

Barrier Protection

These gowns meet AAMI PB70 Level 2 barrier standards.

Closures

Tie neck/tie waist closure style available in L, XL and 2XL.

Snap neck/tie waist closure style available in L/XL and 2XL.

Eliminates Static

Woven with ESD (electro-static dissipative) yarns.

Refer to Manufacturers' Instructions
(Product-Specific) for Complete Details.

SurgiTex™

SURGICAL TEXTILE SOLUTIONS

SurgiTex™ Consultative Services help you realize the maximum benefits from our reusable surgical products. Our team of experts and clinicians will analyze every aspect of your surgical pack processing, and develop a customized plan that improves quality, lowers cost, increases efficiency, and reduces waste.

We can provide engineering, clinical training, quality assurance, and technical service support. Hospitals that have taken advantage of our SurgiTex™ system have realized significant savings.
