Centium Core Technology®

Centium Core Technology® is a patented weaving technology that dramatically improves product tensile strength, extends service life, and enhances performance.

OneSTEP®

OneSTEP® products provide both the laundry and housekeeping professional with One Solution To Enhance Productivity. EZ ID® size identification makes sorting a snap, while balanced hems and center lock labels allow for simplified bed make-up.

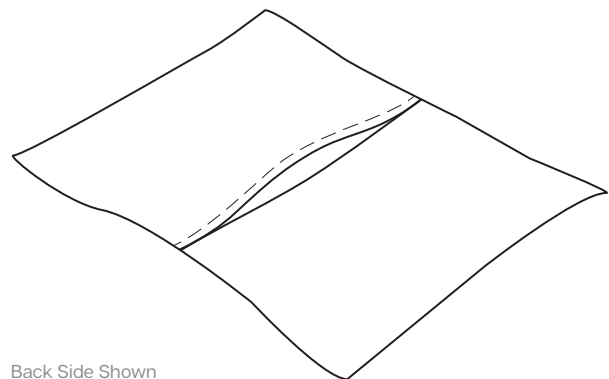

EXPERTLY DESIGNED FOR BEAUTY AND SIMPLICITY.

ATTENTION TO DETAIL IS WHAT WE DO BEST

Placing your insert inside a duvet cover has never been easier since the opening is strategically placed in the center, making set up simple and convenient.

This patented design eliminates any exposure of the duvet insert when used in combination with a flat top sheet. The result is a hygienic, luxurious top of bed experience.

- Sewn closure at the head and foot.
- Easily removed for laundering.
- Significantly reduces bed making time and labor.
