THE ART OF TRANSFORMATION

Recycled denim, fabric, and cutting waste are given new life in the RENEW denim blanket – a powerful symbol of your environmental commitment. RENEW blankets are carefully woven from these recycled materials and finished using a low-impact dyeing solution.

Much like in nature, no two recycled yarns are the same. This gives each RENEW blanket a unique character that celebrates the beauty of transformation.

YOUR STORY, YOUR WAY

Choose how RENEW reflects your sustainability story.

Create a bold statement with the King or Queen bed blanket or accent a chair or bed with the perfectly sized throw.

The bold sew in patch will bring this inspiring story to life wherever RENEW appears in your rooms.
