

Inspiring Care and Comfort for Generations

At Standard Textile, sustainability is at the heart of our purpose: *Inspiring Care and Comfort for Generations*. This executive summary highlights our key initiatives driving progress in innovation, and environmental and social practices.

We invite you to explore our full [**Sustainability & Impact Report**](#) and thank you for joining us in building a more sustainable future—one rooted in care and comfort for generations to come.

OUR SUSTAINABILITY PILLARS

Innovations

We pioneer high-performance reusable textile solutions that enhance comfort while minimizing environmental impact.

OUR PRODUCTS ARE DESIGNED TO:

- Improve patient outcomes and guest experiences
- Reduce laundry and linen costs
- Lower operational expenses
- Minimize environmental footprint

STANDARD
TEXTILE est. 1940

Planet

We're rethinking operations, from emissions to packaging, to conserve resources, reduce waste, and drive responsible manufacturing.

KEY GLOBAL INITIATIVES

- Expanding the use of renewable energy
- Verifying our carbon footprint
- Supporting supplier decarbonization
- Increasing recycled content and exploring biodegradable materials
- Scaling recycled cotton adoption

People

Our purpose extends beyond products, it's about the people who bring our mission to life. We champion corporate responsibility, employee well-being, and community support.

OUR COMMITMENTS

- Creating a culture that values talent, experience, and merit
- Strengthening health and safety programs across our facilities
- Partnering globally and locally to make a positive difference
- Investing in opportunities for growth, training, and career advancement

2024 HIGHLIGHTS

- Recognized as a U.S. Best Managed Company Gold Standard Winner
- Named one of the Healthiest Employers of Ohio
- Earned four 2024 Nightingale Awards, including top honors for Sustainability and Innovation
- Began collaboration with MindClick to evaluate product sustainability metrics
- Submitted our commitment to the Science Based Targets initiative (SBTi)

Looking Ahead: Our Path Forward

Sustainability is not just about where we are, it's about where we're going. Our roadmap for 2025 and beyond includes:

- Advancing our Science Based Targets
- Scaling circular economy initiatives
- Continuing to invest in renewable energy

Let's Shape a Sustainable Future – *Together*. We welcome collaboration with customers, partners, and stakeholders who share our values.
